**Thought for the week**

**LOVE TRUTH**

*Ephesians 4:15*

If you want to become fully mature in the Lord, you must learn to love truly. Otherwise, you will always leave open a door of deception for the enemy to take what is meant to be yours.

Some people have a difficult time facing truth and reality. They prefer to live in a make-believe world, pretending that certain things aren’t happening. *You cannot deny the existence of problems or act as if they are not real.*

The devil is real, life is real, people are real, pain is real, and poverty is real. The good news is that no matter how real our pain may be, or how big our problems may seem, we can overcome all of them with the Word of God.

HEALTH AWARENESS MINISTRY
Heart disease is thought of as a “man’s disease”, however, around the same number of women and men die each year of heart disease in the United States. Despite increases in awareness over the past decade, only 54% of women recognize that heart disease is their number one killer. Almost two-thirds (64%) of women who die suddenly of coronary heart disease have no previous symptoms. Even if you have no symptoms, you may still be at risk for heart disease.
